FOR YOUR INFORMATION: Generics should be considered the first line of prescribing. In the event a generic equivalent becomes available for any of the brand drugs on this list, the brand drug will no longer be considered a preferred brand drug but will be a non-preferred brand drug and benefits will process accordingly. The Drug list is not inclusive nor does it guarantee coverage, but represents a summary of prescription drug coverage. The participant's specific prescription drug benefit plan may have different co-pay for specific products on this list. Unless specifically indicated, Drug list products will include all dosage forms.

Co-payment or co-pay means the amount a participant is required to pay for a prescription in accordance with a Plan, which may be deductible, a percentage of the prescription price, a fixed amount or other charge, with the balance, if any, paid by a Plan.
